

Our mission

The Center Path is a growing community, and our goal is to continue growing, providing more in the way of teaching, ritual and service opportunities for the Seacoast, NH area.

We are dedicated to worshipping the Old Gods in the New World, recognizing that they haven't left us—rather, it is us who moved on without them. We realize that healing our planet involves coming closer to those who were here at the beginning of our civilization.

The best medicine for a body is not things which are alien to that body, but those which are familiar to, and support that body. Thus, healing will come to the planet and to civilization only when we work in a cooperative fashion, rather than with a system of domination.

Who we are

Deirdre Hebert is the founder of The Center Path. She has been studying Pagan spirituality since the 1980s, and is the creator and host of Pagan FM, which is a weekly Pagan radio program that has been on the air for some 6 years to date. She is also the author of *The Pagan in Recovery: The Twelve Steps from a Pagan Perspective*.

Jasper Salach joined Pagan FM as co-host 2 years ago, and has found that a Pagan spirituality resonates with him. He is an ordained minister and Reiki master and has decided to call The Center Path his spiritual home as well. He is currently studying in order to perform clerical duties at The Center Path.

We are in some ways an Eclectic Church with roots in Druidry and Wicca. We place high value on education and service. That being said, we in no way stoic. We value the arts and our services are filled with music as well as mysticism.

Our Future

We are a very new church, and as such, we are in a growing mode. This can't happen without the help of a dedicated community, and so we are asking you a question right now. Do you want to be a part of a church that is something different?
